

# Belladorm Max

The standard nursing bed for plus-size patients

Max.  
patient  
weight  
280 kg

Safe  
working load  
up to 320 kg

Dimensions:  
120 x 200 cm

Height  
adjustment  
range  
22 - 62 cm or  
40 - 80 cm

◀ The sturdy lying surface of the Belladorm Max is specially designed for the high loads in the care of plus-size patients. A specially developed mechanism in the head and foot sections ensures stability even when the patient is sitting on one side of the bed.

▶ The five-way manual switch also offers a Trendelenburg and a comfort function.

The **Belladorm Max** is the perfect solution for patients weighing up to 280 kg. The nursing bed offers variable floor clearance for the use of patient lifts. The Belladorm Max is registered as an aid with health and care insurance companies.
